

## D. R. REES, NILES DRUGGIST, DIES OF HEART ATTACK

Residents of Southern Alameda county this week mourn the loss of David Richard Rees, 78, Niles druggist and pharmacist, who succumbed of a heart attack Wednesday afternoon.

He had tended his drugstore on First Street during the morning and was found seated in a nearby garden about 2 p.m. by friends with whom he had been talking just a few minutes previous.

He was born at Vallejo, Calaveras County, on May 10, 1869, and moved to Livermore with his parents when he was four years of age. He was a graduate of the California College of Pharmacy with the class of 1892 and had operated drug stores in Livermore, Elmhurst, San Francisco and Niles for 60 continuous years.

Mr. Rees opened his Niles store in 1932. He had been in failing health since suffering a slight stroke four months ago.

He served as president of the California Pharmaceutical Association for two years and represented that organization at Sacramento for eight terms of the legislature. He also served as editor of "The Stirring Rod," official publication of the California Retail Drug Association.

He was the brother of William and Harold J. Rees, Livermore; Claude Rees, Oakland; Thomas S. Rees, Oregon, and Mrs. Angie Bionda, Pacific Grove.

Funeral services will be held Saturday at 2 p.m. from the parlors of the J. P. Reimer Mortuary, 187 L street, Livermore, conducted by Rev. W. E. Clawson, pastor of the Livermore Presbyterian Church.

Interment will be at the I.O.O.F. Cemetery, Livermore.

## NEW POST OFFICE FOR IRVINGTON

Announcement was made this week by Allan Hirsch, Irvington, that he expects to award the contract for the construction of a new post office building for Irvington within the next few days.

The building will be located on Broadway at the north end of the business district and will have a 40-foot frontage with 1,500 square feet of floor space.

The plans for the modernistic structure have been drawn by Higgins & Root, San Jose architects.

Plans for erecting the building were halted several months ago when the three bids submitted by contractors were rejected because of excessive cost.

## FIRST CLASS OF VETERANS BEGIN PILOT TRAINING

Flight and ground school training of the first class of veteran students under the Veteran Administration program was commenced Monday at Centerville Airport.

The ground school classes are conducted in the newly completed classroom at the field by Edward Rodrigues and Charles Osborn.

## MRS. JOHN P. FARIA DIES AT HER HOME

Funeral services for Mrs. Catherine P. Faria, 75, Mission San Jose, were held Saturday from the parlors of the Berge Mortuary, Irvington, at 8:30 a.m., followed by a requiem mass at St. Joseph's Church at Mission San Jose at 9 a.m.

Mrs. Faria succumbed at her home in Mission San Jose July 16 after a lingering illness. She was a native of Fayal, Azore Islands, but had been a resident of Washington Township for the past 37 years, and was an active member of the S.P.R.S.I. No. 3 of Mission San Jose.

She was the wife of John P. Faria; mother of John Faria, Mrs. Florence Coil and Mrs. Albert Brown, all of Mission San Jose, Mrs. Tony Lucas of Niles, Mrs. J. B. Telles of Centerville, and Mrs. Manuel Faria, Milpitas; sister of Frank Serpa, Warm Springs, and Manuel Vargas, Azore Islands. She is also survived by seven grandchildren and four great-grandchildren.

A rosary service was held at the parlors of the Berge Mortuary Friday evening.

Interment was at St. Joseph's Cemetery, Mission San Jose.

## CHAMBER FAVORS PARK IN CANYON

Rather weak support was given to the suggestion at Tuesday's meeting of the Niles Chamber of Commerce that the group actively sponsor the project of making Niles Canyon into a state park.

The matter was suggested by President L. R. Batman, who stated that efforts in this direction, which were interrupted by the war, should be revived. The chamber hastily voted a motion that the organization "favor" the project, although declining to contribute any effort.

## MEMORIAL STADIUM TO BE DEDICATED HERE SEPTEMBER 26

Plans are being outlined for an appropriate ceremony for the dedication of Washington Memorial Stadium the evening of September 26.

The committee in charge of the ever to be played by the Washington Union High School football team on their home field under the lights. The Huskies will open the 1947 season that evening with the Livermore High School gridiron squad as their opposition.

**HONORS VETERANS**  
Preceding the game ceremonies will officially dedicate the field as Washington Memorial Stadium as a tribute to the men and women from Washington Township who served in the armed forces during both world wars.

The committee in charge of the dedication ceremonies is headed by E. E. Enos, Niles, and includes: Judge Allen G. Norris, Centerville; Sam G. Scott, Newark; and Coach Irving Hird, Niles.

At a meeting of the group, held last Friday in the chambers of Judge Norris, it was decided to purchase a bronze plaque bearing appropriate tribute and to be placed in a prominent position in the stadium.

**BIG PROGRAM PLANNED**  
The motion was also made that Livermore be asked to bring their band to assist in the affair. The Washington band will be featured in the ceremonies and a short address will be delivered by a speaker yet to be selected.

The \$10,000 needed for the installation of lights for the field was recently raised by volunteer workers from each community through the sale of non-interest bearing scrip. This scrip will be redeemed as rapidly as the increase in gate receipts to the night games will permit.

## MRS. JOHN RAMOS DIES AT ALVARADO

Funeral services for Mrs. Alexandra Ramos, 33, Alvarado, were held Wednesday at 9 a.m. at the home of her brother, Domingo Martinez, Hall Road, Alvarado, followed by a requiem mass at St. Ann's Church at 9:30 a.m.

She was the wife of John Ramos; mother of Alvira, Anthony, John Jr., Gilbert and Frank Ramos; daughter of Rafaela Martinez; sister of Domingo Martinez, Robert Martinez, Marguerita Martinez, all of Alvarado; Mrs. Paz Salcido, San Leandro; Mrs. Mercedes Trayo, Oakland, and Mrs. Bertola Moralez, Hayward.

Interment was at Holy Sepulchre Cemetery, Hayward, under the direction of the Berge Mortuary Company, Niles.

## WORK BEGINS ON STADIUM LIGHTING

A Westinghouse representative was in Centerville Wednesday conferring with Coach Irving Hird and A. E. Enos of the Centerville Electric Company on the lighting of Washington Memorial Stadium.

It was decided yesterday to place four supporting poles on each side of the field. Each pole, 60 feet in height, will hold 10 floodlights.

The work of placing the cross arms on the poles and erecting them is expected to begin next week.

## WOMEN'S CLUB REVIVED AFTER 30 YEARS

### NEED NEW MEMBERS FOR CIVIC WELFARE

"Let's make Niles a beautiful little town!"

That was the keynote of a meeting held Wednesday in the Niles Library of the Niles Woman's Club, an organization that was revived this week after 30 years of inactivity.

The immediate project that brought the club back to life after all these years was the urgency of getting something done on the restoration of the Old Vallejo Mill (the building to be used, perhaps, as a museum to house all the township's historical relics) and the acquisition of Niles Canyon as a state park. The two projects are correlated and may be planned as one project, although the women feel that the "Niles Canyon for a State Park" issue is a little too big for them to handle. They expressed a sincere desire, however, to back any movement of the kind that may be carried out by a larger and more firmly established organization or organizations.

The meeting this week was attended not only by several new members, but by several who were charter members when the club was established in 1913, among whom were Mesdames Mae Moore, C. B. Overacker, James Whipple, J. C. Shinn, and W. H. Ford.

## MISSION DISTRICT VOTES TAX BOOST

Residents of the Mission San Jose Grammar School District voted Tuesday 98 to 5 favoring an increase in tax levy for the purpose of boosting school teachers' salaries.

The election was called as a result of a public hearing held recently at which time Principal E. B. Hodges told the district residents that it would be difficult to maintain a teaching staff at present salaries in lieu of wage increases granted by all neighboring school districts. A suggestion at that meeting that the Mission school might consolidate with the Irvington district was quickly put aside. One opinion was expressed, "Give up our school and the next thing you know we will be going some place else for our mail."

The new tax levy will increase school taxes in the district 50 cents per hundred dollar valuation, or from 80 cents to \$1.30.

Acting as election officials Tuesday were: Josephine Fernandez, inspector; and Aldina Garcia and Eleana Perreira, judges.

## HOCKINSON NAMED LEGION COMMANDER

Paul C. Hockinson, Centerville, was named commander of the Washington Township American Legion Post, succeeding LeRoy A. Brown, at the annual election of officers held at Memorial Hall, Niles, Wednesday evening.

Other officers named for the new year were: Earl A. Riley, first vice-commander; Alvin F. Rose, second vice-commander; Frank X. Veit, adjutant; Richard N. Blakely, assistant adjutant; Arthur E. Gomes, sergeant-at-arms; Jack K. Pool, assistant sergeant-at-arms; Claude M. Lyon, chaplain; Frank R. Mendonca, historian; LeRoy A. Brown, junior past commander; and J. Jack Vieux, Joseph F. Corey and George L. Smith, executive committee.

In addition to the election of officers a team headed by Sam G. Scott of Newark initiated five new candidates into the organization. The new members are: Nick R. Pessagna, Eugene E. Ramsell, Eugene E. Manning, Louis A. Sessa and Vernon A. Block.

## NEW CHAIRMEN FOR LEGION AUXILIARY

A new chaplain, Mrs. Marie Brazil, was elected at the regular meeting of the Washington Township Post, American Legion Auxiliary, held this week at the Veterans Memorial Building in Niles. It was in conjunction with the annual "pals' dinner."

Also named were new chairmen for the ensuing year as follows: membership, Margaret Jones; legislation, Nell Myers; rehabilitation, Margaret Jones; past presidents' parley, Marie Dutra; poppies, Stella Benbow; Americanism, Rose Vieux; constitution and by-laws, Teresa Swartz; child welfare, Angie Furtado; education, Betty Pool; national defense, Marian Zwissig; publicity, Ellen Mohn; musician, Ebba Rae Benbow.

The visiting committee was named as follows: Carey Nunes, Geneva Smith, Betty Pool, Stella Benbow and Rose Vieux.

The next meeting will be held on September 10, with a joint installation. A drill team from the 10th district will do the installing.

## BUILDING PROGRAM AT LESLIE PLANT NEARS COMPLETION

The \$750,000 improvement program, which has been in progress for the past year at the Leslie Salt Company's plant at Newark, is expected to be completed within the next three months, according to J. C. Buchen, vice-president of the company.

The main construction job is the erection of a new processing and sacking building on the main plant site. The new plant, which will replace the 40-year-old plant near the Dumbarton bridge road, when completed will be 100 feet in height and make possible the processing of an estimated 2,000 100-pound sacks of salt per hour, nearly double the output of the old plant.

**FOR UNREFINED SALT**  
Buchen pointed out that the plant will be used only in processing salt that does not require refining, such as salt for hides, canneries, water softeners and car icing. The old plant will be used only for the shipment of bulk crude salt to chemical plants.

The new plant will be equipped with the latest in mechanical handling devices and will eliminate practically all heavy manual labor.

Under the new system the salt will be shoveled from the stockpile onto the elevator by a bulldozer and is routed down through the building by gravity feed and by the time it reaches the ground level it has been processed and sacked and is ready for shipment.

**COMPLETES PROGRAM**  
Under the old system it was necessary to re-elevate the stock several times for additional processing and sacking.

"Our new refinery was finished in 1942 and the processing plant was next in line on our building program, but was delayed because of the war," Buchen said.

## HUSKIES TO PLAY SIX HOME GAMES

Irving Hird, Washington Union High School football coach, revealed this week that the Huskies' 1947 gridiron schedule has been completed.

The schedule for the local eleven calls for nine games, six of which are Santa Clara Valley Athletic League encounters, and six to be played under the lights at the home stadium.

Coach Hird, whose aggregation tied for second place in the league last season, stated this week that prospects are good for a winning team this year with a large portion of the squad returning.

The 1947 schedule is as follows: Sept. 26—Livermore here.  
Oct. 3—Jefferson (Daly City) here.  
Oct. 10—Fremont (Sunnyvale) here.  
Oct. 17—Los Gatos, there.\*

## W. C. AZEVEDO DIES OF HEART ATTACK

William C. Azevedo, 68, prominent Washington Township farmer, died July 18 at his home on Mowery avenue, Centerville, of a heart attack.

He was a native of San Rafael, Calif., but had lived most of his life in this area and was an active member of the I.D.E.S. Lodge of Centerville, Council No. 27.

He was the husband of Mary A. Azevedo; brother of Mrs. Minnie Terry of Colusa, Mrs. Rose Ormonde and Miss Mary Azevedo of Half Moon Bay.

A rosary service was held at the Chapel of the Palms Sunday at 8 p.m.

Funeral services were conducted from the parlor of the mortuary at 8:30 a.m. Monday, thence to Holy Ghost Church, Centerville, where a requiem mass was held for the repose of his soul.

Interment was at Holy Ghost Cemetery.

## TOMATO GROWERS' MEET POSTPONED

A meeting of the Tomato Growers Association of the Southern Alameda County Farm Bureau, previously announced for July 23, has been postponed until Monday, August 4.

The meeting will be held at Washington Union High School beginning at 8 p.m. for a discussion of prices, labor and other problems.

## GATHER SPUDS IN IRVINGTON STREET

Residents of Irvington brought sacks, wagons and buckets Tuesday afternoon and gathered potatoes in the main street of the community, collecting several hundred pounds of spuds.

The potatoes were "planted" by a truck belonging to the Santa Clara Trucking Company and driven by Clyde Riley, Campbell.

The 20-ton semi-trailer truck, loaded with 100-pound crates of potatoes for delivery to the Oakland Navy Supply Depot, lost 100 crates off the load when rounding "Crash Corner" in the heart of Irvington. Some of the crates remained unbroken but many of them were crushed and the contents scattered over a wide area directly in front of the Central Bank building.

## PEACH CANNING SEASON OPENS HERE THIS WEEK

The three canneries in Washington Township swung into full production on the canning of peaches this week for an estimated run of 30 days of case packing.

At Niles the Schuckl Company started one shift Wednesday morning and added the second shift Thursday, operating on an 18-hour basis with crews totaling approximately 250. William H. Ball, plant superintendent, estimated that the peach canning season would be of from three to four weeks duration.

The Marlo Packing Corporation plant at Decoto also began canning the 1947 peach crop Wednesday morning employing a crew of approximately 200 workers.

M. J. O'Brien, plant superintendent of the Booth Cannery at Centerville, reported that production started there at 8 a.m. Tuesday and estimated that this year's total would be about the same as last year's 150,000 cases of all size cans. He predicted that the new tomato crop would begin reaching the cannery about August 10.

All three canneries reported that they have been able to secure plenty of workers, the first time since the outbreak of World War II.

## LIONS TO SPONSOR EYE CORRECTION

The year's budget for the Centerville Lions Club, as drawn up by the directors, was read by Secretary Erle Hygelund at the meeting of the group held Tuesday evening at the Shanghai Cafe in Centerville.

Continuation of last year's projects were included in the budget for the new year with the addition of a program for eye correction for children throughout Washington Township who are in need of this attention and where there is no possibility of it being supplied by parents.

The three major activities outlined for the new year were the sponsorship of a donkey baseball game; the annual card party; and the Lions Club Show.

J. I. MacGregor, program chairman, entertained the group with a movie entitled "Wings Over Alaska," filmed by Pan American Airways, showing all the scenic points of interest of the northland.

President Dwight Thornburg presided and announced that the August 12 meeting would be held in the form of a barbecue at Linda Vista Park.

## ALVARADO CHAMBER SEEKS STREET LIGHTS

A survey of the Alvarado business district for the purpose of determining the placement of additional street lights is being conducted this week by the Alvarado Chamber of Commerce.

The survey was ordered by President Joe Lewis after the members had voted to petition the county board of supervisors for six additional lights. The location desired will now be forwarded with the request.

## SELECT DATE FOR KRAFTILE PICNIC

Saturday, September 13, is the date that has been selected for the annual Kraftman picnic of the employees of the Kraftile Company at Niles.

The affair will be held at Flood Park in Palo Alto and will open at 10:30 a.m. with a baseball game which will include both the men and women in the line-up. Lunch will be served from 12 until 1:30 p.m., followed by volleyball games, horseshoes, races, swimming and a drawing.

## ORGANIZATION OF TOWNSHIP C. OF C. MEETS APPROVAL

Fourteen representatives of Washington Township Chambers of Commerce decided Tuesday evening that efforts of their various organizations should be united in the promotion of projects of concern to the township as a whole.

The group met for dinner at the International Kitchen upon the invitation of the Centerville Chamber of Commerce and was headed by Charles Wauhab, president of the Centerville Chamber.

Opinion was unanimous to the effect that, in the face of certain growth, Washington Township needs an association of civic groups to look out for the interests of the area—a broader aspect of the activities of individual community organizations.

J. R. Truscott of the Newark Chamber of Commerce pointed out as an example the need to the entire township of making Dumbarton Bridge toll-free, a matter upon which the Newark group has been working for more than a year.

L. W. Krueger, president of the Irvington Improvement Club, whose idea it is to form a separate county of the southern Alameda County area, stated that this locality has little in common with the metropolitan portion of the county and that an investigation of county expenditures in this area in proportion to county revenue from this area should be made.

Dr. T. C. Wilson, who heads the Niles Chamber of Commerce fair committee, pointed out that the work done by the Niles body towards blocking sale of the Pleasanton racetrack and setting up a district fair should have been an effort of all township chambers working together.

Rather than to set up an organization at Tuesday's meeting, it was decided to hold over this matter until another meeting scheduled for August 26. L. W. Musick of the Decoto Chamber will have charge of this meeting.

It was variously proposed that the association of chambers of commerce and improvement clubs be composed of officers as delegates, or boards of directors, or specially appointed committees.

Present at the Tuesday meeting were: Charles Wauhab and Louis Cardoza of the Centerville Chamber; John Hansen of the Niles Junior Chamber; J. R. Truscott of the Newark Chamber; L. W. Krueger, Vernon Leal, Gus Robertson and Tony Vilela of the Irvington Improvement Club; Mr. and Mrs. John Sousa of the Warm Springs Chamber; Dr. T. C. Wilson and L. R. Batman of the Niles Chamber; George Smith and L. W. Musick of the Decoto Chamber, and H. W. Tuttle of Mission San Jose.

### Niles Can Be Beautiful

A militant little body of women, determined to "get something done" and not "just sit around and talk about it," met this week at the Niles Library to start the ball rolling on two issues that have been booted around for years: restoration of the Old Vallejo Mill, with the building used, perhaps, as a museum to house the many historical relics in the township, and acquisition of Niles Canyon for a state park.

The women, several of whom were members of the Niles Woman's Club when it was functioning for civic purposes several years prior to the first World War, have not only these two projects named above in mind. Now that the club has been revived, they want to do many things to make Niles more beautiful and to give reason for tourists to exclaim, when Niles is mentioned, "Niles? That's that pretty little town that is at the gateway to Niles Canyon, isn't it?" instead of "Niles? Oh—that dirty, dingy little town!"

This same club, in its hey-day, was responsible for many improvements in Niles, among which was the acquisition of the Niles flag-pole.

"Never underestimate the power of a woman" is an aphorism that these women have accepted as a challenge.

Let's back them in their projects and give them our support. It would behoove the Niles merchants, whose businesses are dependent in a large part on the appearance of the town, as well as other residents, to lend active as well as financial cooperation when needed.

Telles, daughter of Joseph Telles, our roadmaster, became the bride of Richard (Dick) Valencia of Milpitas, part owner of the Kozy Kitchen there.

Velma was attired in a bustle back braid with brown accessories of gloves, alligator shoes and bag and a padre rolled brim hat to match. They were accompanied by Mr. and Mrs. Tony Carboza of Milpitas, who were their witnesses.

The bride is a graduate of Mission Grammar School and of Washington Union High School class of '47, and Dick from Milpitas School and San Jose High School. He served in the U. S. Army for 20 months. Velma has been employed at the Associated Seed Co. in Milpitas for some time. They will make their home at the Salles Apartments in Milpitas following a week of honeymooning. (Secret) Velma forgot her hat but wore flowers in her hair. Too much excitement, I guess.

### SANTOS INFANT CHRISTENED

Little James Michael Santos, nine-weeks-old-son of Mr. and Mrs. Thomas C. Santos of Burlingame, was christened at St. Joseph Church by Rev. John Leal on Sunday afternoon, July 20. Mary Prentice Pereira (just Teddy to you folks) was the godmother and Joaquin (Jack) Pereira, her husband, was the godfather. Following the ceremony light refreshments were served at the Bottenberg residence (Michael's "Nana") for the godparents, Mr. and Mrs. Harley B. Justus, Miss Diane Santos, sister of baby, Mr. Tony Santos and his fiancée, Katy, Glenn and Lois Bottenberg, and the daddy and mommie.

### HERE ON VACATION

Misses Barbara and Agnes Shideler of Sebastopol spent two weeks here at the home of their aunt, Edith Rogers. On Sunday they motored to Gilroy with Edith and Mrs. Ruth Rogers to see the rodeo which they enjoyed very much.

### CELEBRATES BIRTHDAY

Miss Iris Belle McNemar, who was 12 years old on July 21, celebrated on Sunday with a birthday dinner at the home of her parents, Mr. and Mrs. Edwin McNemar, with her aunt and uncle, Mr. and Mrs. John Tallent and their son, Leslie, present. The Tallents are from Sonoma and Miss Iris went home with them to spend this week. She will also visit with other cousins while there.

### MOVES HERE FROM AZORES

Coming from your native land to a strange one is usually an ordeal but not so for Mrs. Evelyn Andrade and her daughter, Marie, for they were accompanied by a San Mateo man, Mr. Joseph Rodrigues, brother of Mrs. Mary Rogers of the Mission. What am I talking about? Well, here it is. At the tender age of 21 months little Evelyn left the U. S. and went to Fayal, Azores, where she had grown up, married and has a daughter 8 years old, but always she wanted to join her brother, Edwin Freitas here in the Mission, who was reared by his aunt, Mrs. Maria Rose Goularte. So time it was not Reno but Carson City on Sunday, July 20. There at a quiet ceremony Miss Velma June

children of Soquel, Mr. and Mrs. H. E. Talmadge, guard at Folsom, their son and wife, Mr. and Mrs. C. Watkins of Hayward, and Mr. and Mrs. Frank Dutra of San Jose.

### VISITING IN MISSION

Mr. and Mrs. Raymond Dutra and family of Lincoln are vacationing here at the home of Mr. and Mrs. Ray Mendonca and Mrs. Maude Dutra. Mr. Dutra is out on strike and while not at work is fixing over his mother's room here at the Mendonca home.

### SACRAMENTO VISITOR

Reno DeBernardo, who makes his home with Mrs. Rose Recend, spent the past week in Sacramento at the home of Mr. and Mrs. A. C. Santos and at the Fred Howard home.

### EXPENSES EXPLAINED

Your correspondent has been asked to print a retraction for a certain statement on the sequel-centennial report of a couple of weeks ago.

It was not wrong as the report was taken from checks made to each individual, but some of the folks are reading it wrong, so here is the real dope:

It was stated that Larry Medeiros got \$243.30. He did. Now a lot of folks are saying it was for wages straight, so it is: Wages \$50.00, and \$193.30 for lumber paid for by Mr. Medeiros, making a total of \$243.30.

### CARSON CITY WEDDING

It seems that "Reno Bound" is getting to be a habit with our young folks around here, but this time it was not Reno but Carson City on Sunday, July 20. There at a quiet ceremony Miss Velma June

## MERCURY

THE OUTBOARD SENSATION OF '47

Before you buy a new outboard motor, be sure you investigate the fifteen major features developed by Mercury's Consistent Engineering... all important to your boating pleasure.

Foremost of these new features is "Full-Jeweled" Power... developed exclusively by Mercury. It is the greatest contribution to postwar outboard... means ball and roller bearings throughout... sets a new peak in outboard performance, gives longer life... and greatly reduces maintenance.

Remember, too, that Mercury's Consistent Engineering has made it practical and economical to apply many of the recent Mercury Engineering developments to older models. The new, revolutionary water pump... Mercury's own, never-failing "Magna-pull" starter... even the forged steel connecting rods that make up Mercury's famous "Full-Jeweled" Power Head, can be installed on any unit produced since 1940.

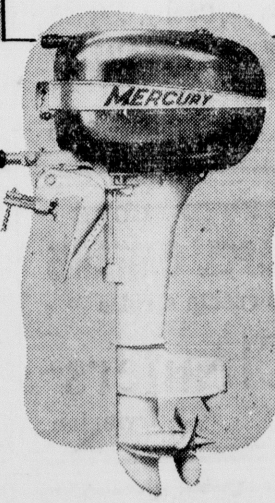

More than that... wherever you choose to enjoy your MERCURY—East, West, North, South—service parts and factory-trained personnel are near if you should need them.

FIND OUT why the Mercury is different... better. Write for literature and name of your nearest dealer.

\*The outboard with "Full-Jeweled" Power... ball and roller bearings throughout.

Mercury "Rocket" 6-horsepower Twin, and "Comet" 3.2-horsepower single, in standard and Deluxe Models as illustrated.

The New Mercury "Lightning"... a 10-horsepower outboard that will plane a 16-foot runabout up to 25 m.p.h., yet weighs less than 60 pounds.

SECURITY: Such bonds are general obligations of the Irvington School District of Alameda County, State of California, and the Board of Supervisors of the County of Alameda has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said Irvington School District subject to taxation by said District (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at his option, prior to the

## LEGAL NOTICE

tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from September 15, 1947 to the respective maturity dates of the bonds at the bid and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid according to standard bond interest tables. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. Said Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than August 12, 1947. Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of Alameda County in Oakland, California, as soon as the bonds can be prepared, which, it is estimated, will be about September 23, 1947. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery on or prior to September 27, 1947, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid. The cost of printing the bonds will be borne by the District.

All bids must be unconditional, for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and of accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of Alameda County, State of California, and endorsed "Proposal for 1947 School Bonds of Irvington School District of Alameda County." With each bid must be submitted a certified check or cashier's check for \$500.00 drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the order of the Treasurer of Alameda County, to secure said Irvington School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the district. Checks of the unsuccessful bidders will be returned upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

The Irvington School District of Alameda County has been maintaining schools and otherwise acting as a School District under the laws of the State of California continuously since May 5, 1862. The total valuation of all taxable property in said District is \$5,353,635.00 and the total bonded indebtedness (not including this issue) is \$30,000.00. Further information relative to the financial condition of said District will be furnished to any bidder upon request.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices.

Dated: July 24, 1947.  
G. E. WADE,  
County Clerk and ex-officio Clerk of the Board of Supervisors of Alameda County, State of California.

Even on a soft seedbed a "Caterpillar" Diesel's broad tracks stay on top of the soil. Tractor weight is so well distributed over the tracks that they act like bridge planks... and put less pressure on the soil than a man's foot exerts.

By treading well up on top of soft soil, tracks have low rolling resistance — less power needed to move the tractor means more payload power.
